YOUR VISION, SET IN STONE

QUOTE REQUEST INSTRUCTIONS

- 1 Make a rough drawing of the countertops don't worry about scale indicating the length and width in inches
- 2 Indicate what granite color or colors you are considering.
- 3 Circle the sink type you intend to use if other write a brief description
- 4 Circle the composition of the sink.
- 5 Circle the type of range you will have and if a down draft is included
- 6 How many faucet holes will you require? Simply write the number The faucet spread is the distance in inches between the two outside holes. For example if you require 3 holes and there is 4 inches between each hole then the spread would be 8 inches.
- 7 Circle the edge profile you have selected.
- 8 Will you want a backsplash? If so measure the lengths of the backsplash needed for each piece. Example: A countertop piece is 22.5 inches wide and 60 inches long. Backsplash is needed on three sides the total length of backsplash needed is $22.5+60+22.5=105$ inches. Next determine how high you want the backsplash, standard dimension is 4 inches.
- 9 Will Premier Surfaces be contracted to do your old countertop tear out? Circle Yes or No.
- 10 Will you want rounded corners? Indicate small, medium or large rounding. We can determine the exact dimension of the rounding when we do your template as sometimes rounding requires adjustments in the overhang of the countertop relative to the cabinet base. Where you desire a rounded corner please place the letter "R" on each of those corners in your drawing.
- 11 Will there be an arc? Will the arc be small (up to 15 inches long) medium (15 to 40 inches long) or large (over 40 inches). Please circle choice.
- 12 Will there be a need to cut electrical outlets in the backspalsh or risers under bartops? Indicate the quantity.
- 13 Fill in your name, address and phone number and fax/mail/or email the forms to the contact information below:
